Airport Fire Captain

Job Posting

Applications are currently being accepted by Pro-Tec Fire Services at Tulsa International Airport Fire Department in Tulsa, OK for a current fulltime opening for Airport Fire Captain. Current pay is \$17.00 per hour and benefits package is offered.

Job Summary: The Captain will be responsible for the crew/shift of Firefighters that will drive and operate the pumper trucks or comparable chemical, crash, ladder trucks at TUL. This position will respond to medical emergencies providing medical care and stabilizing the patient until local EMS unit arrives. This position will ensure that all Firefighters station activities conform to the standard operating procedures, office instructions, FAA, TSA and Airport Rules and Regulations. The Captain is responsible for managing, directing of the crew/staff and assigning work, and firefighters to the ARFF apparatus. Will act as Incident Command in the absence of the Fire Chief. Will participate with crew members and functions as a driver/operator or other positions as required in the suppression of aircraft or structural fires using appropriate apparatus and tools to control, extinguish fires, rescue personnel, and protect property. Responsible for implementation of all orders and directives given by the Fire Chief. Responsible for the Firefighters performance and giving guidance, direction when needed. Conducts and participates in recurring proficiency training. Attends classes in firefighting and aircraft firefighting techniques. Prepare reports and other administrative responsibilities. Other duties as assigned.
