Airport Crew Fire Chief

Job Posting

Applications are currently being accepted by Pro-Tec Fire Services at Summit Aviation Fire Department in Middletown, DE for a current fulltime Crew Fire Chief. Pro-Tec has been providing ARFF services at Summit continuously since 2011 supporting their Defense Contract Management Agency (DCMA) contract requirements. NAS 3306 is the primary standard governing our operations. Most of the work involves system upgrades or flight training on various CH-47 models, which is an ARFF Cat. 4 aircraft. Cat. 4 requirements are a 1500-gal ARFF vehicle with a 3-person crew. Work schedule is Monday – Friday 0800-1600 and occasionally weekends and/or holidays.

Job Summary: The Crew Chief is responsible for managing a small crew of Firefighters that will provide firefighting (ARFF) related services and assistance in emergency rescue/medical response and service, hazardous operations/ hazmat spills response, fueling, alarm response and service. Will be Incident Command at emergency incident scenes at the Airport. Other duties include administering payroll, hiring, training in compliance with NAS 3306. Responsible for accuracy, completion of ARFF vehicle inspections, tools/equipment, medical equipment and supplies inside and outside of the hangar. Assist in building and fire extinguisher inspections and maintenance. Other duties as assigned.
