Airport Firefighter

Job Posting

Applications are currently being accepted by Pro-Tec Fire Services at Summit Aviation Fire Department in Middletown, DE for a current fulltime Firefighter. Pro-Tec has been providing ARFF services at Summit continuously since 2011 supporting their Defense Contract Management Agency (DCMA) contract requirements. NAS 3306 is the primary standard governing our operations. Most of the work involves system upgrades or flight training on various CH-47 models, which is an ARFF Cat. 4 aircraft. Cat. 4 requirements are a 1500-gal ARFF vehicle with a 3-person crew. Work schedule is Monday – Friday 0800-1600 and occasionally weekends and/or holidays.

Job Summary: The Firefighter will provide firefighting (ARFF) related services and assistance in emergency rescue/medical response and service, hazardous operations/ hazmat spills response, fueling, alarm response and service. They will serve as driver-operator of fire apparatus or hand lineman position at the discretion of the assigned Fire Officer. Will participate at emergency incident scenes while under the direction of the Fire Officer. Assists in inspections of ARFF vehicles, tools/equipment, medical equipment and supplies inside and outside of the hangar. Conduct building and fire extinguisher inspections and maintenance. Prepare reports and maintain fire equipment. Other duties as assigned.
